

anti-slip tapes

firm traction under all conditions

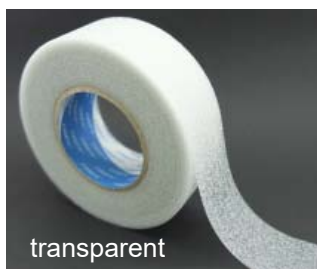

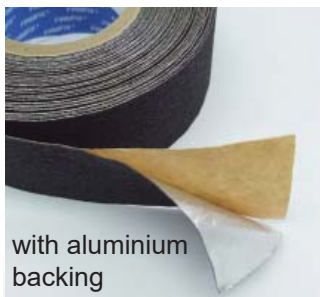

Anti-slip tape prevents slips and falls at public areas such as stairways, steps, ramps and walkways by increasing your grip and traction.

- Tough, durable and long lasting
- Permanent adhesive for strong holdings and conformity
- Easy peel for fast installation
- UV-proof, water stable and chemical resistance

Slip related injuries represent a surprisingly high percentage of business and home accidents. These accidents cause painful medical problems, long-term disabilities, extensive financial losses, legal entanglements and insurance difficulties. You can get this protection with our **FIRMFIX®** Anti-Slip Tape. **FIRMFIX®** Anti-Slip Tape is a tough, durable adhesive-backed grit surface that will keep you in balance. **FIRMFIX®** Anti-Slip Tape can be used indoors or outdoors and is easily installed in seconds to any clean, dry and oil-free surface including wood, metal and concrete – just peel off the paper backing and press in place – it's ready immediately
